Hardwood Plywood

European Quality Built to American Standards

The next generation of
hardwood plywood

Sliced bread had a good long run...

PLUMA-PLY™ CRAFTSMAN BIRCH

European Poplar Core Hardwood Plywood

Full US/Imperial sizes in accordance with American National Standards Institute (ANSI/HPVA HP-1-2009)

48.5"x96.5" standard dimension (other dimensions available on request)

Thicknesses available from 1/8" to 1 1/2"

Lightweight - 3/4"x48.5"x96.5" Panel weighs approximately 55 lbs (15% lighter than typical 3/4" veneer core panels from North American manufacturers)

Also available with clear UV finish 1 or 2 sides

Ultra smooth poplar cross bands for exceptional surface quality and uniform finishing results

Made with 0.7mm rotary birch face veneers from North America

Stain Grade WPF SAP (White) Birch Face and Back Veneers

Balanced panel constructions with premium single piece poplar core veneers for exceptional bond quality, flatness and machining properties

Core veneers are dried to 6%-8% moisture content in mechanical dryers prior to panel assembly

CARB Phase 2 Certified (TPC-4)

"J" grade cross bands

Garnica Plywood exports 90% of its production to 30 countries worldwide

Ocean transit time from Spain to Eastern USA is only 10 days, quick and reliable lead-times

State of the art highly automated manufacturing operations

Poplar core veneer is from sustainably managed poplar plantations in Spain and France (PEFC Certified). FSC available on request

Garnica Plywood offers tailor-made solutions to its clients. No other plywood manufacturer has a more diversified product range
